OVERVIEW

We are seeking a Senior Security Analyst for our client, a Fortune 500 listed company, to work in a hybrid role with the main base of operations at the Centre of Excellence for strategic software development and services, in Carlow, Ireland.

You will be working at the very cutting edge of innovative technology, for one of the world's leading employee benefits providers.

This position offers flexible work hours within a hybrid working model, working from home is an option for some days each week.

You will thrive working as part of a global team, in an agile, fast-paced, and delivery-focused environment.

Willing to go that extra mile, you will be challenged, and in return provided with the best tools and leading technologies available.

Self-motivated and results oriented.

Our client is ambitious, and you should be too.

RESPONSIBILITIES

- Execute the operation, reporting and continuous improvement of vulnerability management operations.
- Manage tools used for conducting and coordinating external attack surface scanning.
- Assess the criticality of security findings and collaborate with business owners to identify the appropriate remediation path and timeline.
- Manage and track the vulnerability remediation efforts across the organization and escalate when needed.
- Monitor security findings from third parties, investigate these findings, and incorporate them into the vulnerability management program.
- Develop reports and metrics for Management and business partners to report the health of the vulnerability management program.
- Monitor for changes to external attack surface.
- Work as part of a team that leverages agile approaches (KANBAN) to meet business needs at a deliberate pace.
- Keep up to date with the latest vulnerability and security trends.
- Assist with providing daily work direction, technical leadership, and mentoring for team members.
- Communicate and assign order to high-priority incidents.
- Adapt to change, act as a change agent, and work effectively in a dynamic environment.
- Perform other duties as assigned.

THE PACKAGE

You wouldn't expect us to disclose the salary range at this early stage, but we're very confident that we'll meet your expectations.

Our client understands the value of rewarding staff well and has constructed a superb package. There's a significant annual bonus through a Performance Based Incentive plan & that's just for starters.

- Excellent Pension Scheme
- Full Health Insurance cover for employees, their spouses & children.
- Life Assurance
- Permanent Health Insurance
- Illness Salary Protection
- 25 Days Holiday
- Education Scheme for Cont. Development
- Sports & Social Club
- Reward and Recognition Programme

As one of the very few Fortune 500 companies with a base in Ireland located outside of Dublin, this allows the added advantage of having a competitive Dublin salary with the lower cost of living in Carlow.

NEXT

If we've piqued your interest, we'd be happy to answer any questions that you may have. If you are happy to be considered, we'll need a CV, and after that, there'll be a telephone interview with the relevant personnel.

If both parties are happy, there will be more formal interviews where your experience will be explored.

And if that goes well...welcome to your new job.

We look forward to hearing from you.
