

Mobile QA Engineer

DUBLIN, IRELAND

PRESENTED TO YOU BY i-RECRUIT

Overview

We are looking for a Mobile QA Engineer for our client, a FTSE 100 and Fortune 500 listed company, to join our clients team in Dublin.

As a Mobile QA Engineer, you'll be collaborating with the QA Manager and you will participate in delivering applications to millions of players all over the world. Together with your team members, you take the responsibility of testing the applications under development.

You will be working in a highly regulated industry and as such, all software applications developed are subject to strict regulatory requirements. Testing these applications must be done in this context with only the highest level of quality acceptable.

You will be able to demonstrate your ability to work with local and remote teams, as well as being able to work on your own initiative, all in a fast paced highly multifaceted working environment.

Requirements

- At least 2 years hands-on experience with manual testing of native iOS and Android apps. (various versions and flavours)
- Experience in building and designing test cases from user stories.
- Ability to gather debug information using the relevant SDK tools for iOS or Android
- Knowledge of the Atlassian toolset; Jira, Confluence etc.
- Knowledge of the deployment mechanisms in use e.g. Continuous Integration systems such as Jenkins
- Prior use of test support systems such as TestFlight, HockeyApp, App Center
- ISTQB Certified to foundation level or better would be a distinct advantage

You have good analytical & problem solving skills and the capability to pay strict attention to detail. You know what it's like working with teams of offshore and near-shore software testers. You have strong documentation and interpersonal skills. You have worked in a fast paced Agile environment, responding to constantly evolving business needs. A BSc degree in Information Systems, Computer Science, or related field would be considered an advantage.

The Package

You wouldn't expect us to disclose the salary range at this early stage, but we're very confident that we'll meet your expectations. Our client understands the value of rewarding staff well, and has constructed a superb package. There's also a significant annual discretionary bonus.

And that's just for starters.

You'll get medical and dental cover for you and your immediate family. You'll get a personal interest allowance to encourage you to pursue a hobby away from the workplace. Work is important, but so is life.

Next...

If we've piqued your interest, we'd be happy to answer any questions that you may have. If you are happy to be considered, we'll need a CV, and after that, there'll be a telephone interview with the relevant personnel.

If both parties are happy, there will be more formal interviews where your technical experience will be explored.

And if that goes well...welcome to your new job.

A bit about us

We have decades of experience of recruitment, business and commerce, and it shows. Trading since 2018, we're an independent and proud Irish company, working mainly within the tech sector across Bulgaria, Ireland and the UK. We have developed some very smart techniques for finding key staff for our portfolio of clients. It can be hard and laborious work, but it's really effective.

But you know that already, or you wouldn't be sitting there, reading this.

We treat our candidates with a great deal of respect, and because of this, we develop strong relationships with our ever-increasing database of talent.

We never forget that we are dealing with people who are making life changing decisions. We'd be *delighted* to help you on to the next stage of your career.
